PART VI

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 1st September 1949.

In the Press Note dated 28th March 1949, Government announced that the Revenue Inspectors had been authorised to issue permits for hulling private paddy upto 5 pallas at a time subject to certain conditions. As it is apprehended that the powers vested in the Revenue Inspectors are likely to be misused in border areas and in the vicinity of large towns and industrial areas where inducements for smuggling and black-marketing exist, Government have authorised the Deputy Commissioners of Districts to with hold in their discretion the said powers given to the Revenue Inspectors.

(P. N. No. 74—1-9-1949—7401—7500)

Press Note.

Dated 2nd September 1949.

Government have noticed an article published in Pouravani dated the 30th August 1949 with regard to an electrical accident that occurred at Arsikere on the 24th August 1949, resulting in the death of a boy due to electrocution. The article alleges certain want of care on the part of the Electrical Department. For the information of the public, the following facts of the case are hereby published in order to remove any misunderstanding that may have been caused in this behalf The circumstances of the case are as follows :—

A private installation got grounded due to deterioration of the insulation of the wiring of the installation, thus energising the ground wire that was exposed outside the building. The boy that met with the fatal accident unfortunately placed his foot against this exposed ground wire and thus got electrocuted. Immediately the report was received, the Electrical Department took necessary action to disconnect the installation and advised the owner of the installation to get the defect rectified.

Thus it will be seen that the unfortunate accident has occurred not due to any defect in the electrical wiring belonging to the Department.

The article further alleges that there have been several groundings throughout the town for the last two months and they have caused considerable inconvenience to the public. This is far from the truth. The records maintained in Arsikere Sub-Section show that no complaints have been received so far regarding grounding or any inconvenience caused to the public and therefore the allegations made are without foundation.

The public are hereby assured that whenever defects are reported to the Department, prompt action is being taken and will be continued to be taken always to minimise the danger from leakages of current in the distribution system belon to the Department as early as practicable.

Press Note.

The attention of Government has been drawn to cert statements alleged to have been made by some of t speakers at the Labour Conference held in Bangalore l week-end.

It is complained that minimum wages have not yet be fixed in Mysore. The public must be aware that the Minimu Wages Act was recently passed and Rules under the Act we framed and published only last week. A Minimum Wag Board for the Kolar Gold Fields area has been appointed a was awaiting the publication of the rules to begin its wor Separate Boards will be constituted for each industry ar area. The matter is being attended to with expedition ar there is no point in complaining as if the Government we idling.

It is asked "how can a man live on Rs. 15 or 20 month?". The lowest paid servant in any Governmer Department or Concern gets Rs. 27 a month. There are onl a few of them,—sweepers and scavengers—among whor more than one in each family work. Most among even th menial establishments get more than Rs. 30 a month. Amon industrial labourers the average basic pay is about 14 anna a day which, together with the D. A. which varies from Rs. to Rs. 30 a month, aggregates Rs. 30 and more per month. I is misleading to state that any employee is asked to live o Rs. 15 per month only.

Agricultural labourers are much worse off than industria labourers and there is a trek towards towns and cities which besides showing that conditions of industrial labour are more attractive—such as they are—is affecting prejudicially the out-put of agricultural produce. Government feel that there must be parity between agricultural labour and industrial labour, having due regard to the different environments in which each works ; and that the conditions of industrial labour is improving from day to day.

To say that workers will no longer tolerate, that the conditions are such as will cause shame and surprise and the like, are calculated to incite the workers. It is reported that Shri

. Mehta stated that " while Governments are deceiving orkers, how can the workers have any mind to work ?". report is true, it is an extravagant statement far from and a direct incitement to the workers.

ally, civil liberties are alleged to have been violated. rnment are definitely of opinion that while individual y is valuable and Government are willing and anxious otect it, the security of the State and the maintenance w and order with a view to the preservation of peace and quillity is as valuable, if not even more so; and whenever ndividual threatens the latter he has to be prevented doing so. Civil liberties are not only protected but who endanger and violate them are prevented from g so.

abourers have their best friends in the Government who doing and will do all they can to help them to improve conditions of life and work. Government have secured mber of legislative enactments passed within the last few s calculated to improve the conditions of labour. Apart the Labour Act and the Factories Act, they have got Payment of Wages Act, the Holidays with Pay Act, the teens Act, the Shops and Establishments Act, the oloyees' Insurance Act, the Children's Act, the Minimum ges Act and the Labour Housing Act, all of which are g expeditiously enforced.

he Labour Act was found to be capable of improvement Government had a bill ready. It has been postponed at suggestion of the Dominion Government with a view to g about uniformity of law throughout India.

number of administrative measures have been taken on d. Labour Investigators and Labour Welfare Officers are ointed in every place to watch over and protect the rests of the workers. An independant Labour Secretariat been constituted with a full complement of Officers to nd to the welfare of labour. An Employment Exchange been established which is finding jobs for the unemployed is increasingly becoming useful. A grant of Rs. 10 lakhs been made for Labour Housing and the City Improvement Trust Board, Bangalore, is building houses on approved terns for labourers in the Industrial area. The work will carried on all over the State. A Special Officer is being ointed to enquire into and report upon the conditions of men workers in the State. Inspectorates are being reased and Officers appointed to enforce all the rules and ulations for the benefit of workers. Assistant Commissioners of Labour are in charge of various divisions and daily in contact with workers suggesting to them and to Employers as also to the Government what is desirable each to do with a view to improving the conditions of life l work of labourers all over the State.

The State is abreast of the latest movements in labour vancement and welfare and is enforcing all the conventions d recommendations of the International Labour Organization ratified and accepted by the Dominion Government.

It is needless for Government to point out that the misleading statements made at the Labour Conference are, to say least, unfounded and calculated to harm the cause of the rkers in the State.

(P. N. 73—81-8-1949—7,801-7,400.)

Press Note.

Dated 7th September 1949.

Government have already indicated in their Press Note ted 3rd September 1949, the action taken to control and gulate the prices of sugar.

The Government of India are making immediate preliminary allotments out of the stocks of sugar seized, so as not to use hardship by drying up of supplies in any province As result of recent action taken by Government, it is likely at there may be rush on shops by ordinary consumers to y sugar beyond normal quantities and keep it against future ortage. There need be no apprehension as to shortage, as ufficient stocks are available in Mysore.

Government are making suitable arrangements immediately for distribution of sugar at reasonable prices through ration depots and societies and consumers are requested not to purchase large quantities of sugar and thus play into the hands of profiteers.

The public are requested to co-operate with Government and buy sugar in only such small quantities as may be absolutely necessary.

Press Note.

Dated 7th September 1949.

The Chief Minister had called for a meeting of the Deputy Commissioners of the Districts on the 5th September 1949. One of the points discussed was the importance of insisting on proper attendance of officials at the Taluk Offices and the expeditious disposal of papers. The Chief Minister instructed the Deputy Commissioners to pay special attention to this and to see that there was no avoidable delay in the conduct of Government business.

The Chief Minister said that he had a surprise visit that day at 11-10 A.M. to the Taluk Office at Bangarpet and found that not even 50 per cent of the officials present and a large number of petitioners were waiting for the officials in the office. The Deputy Commissioners were instructed to pay surprise visits often and to see that punctual attendance was enforced in the several offices under their control. The Chief Minister also added that the Hon'ble Ministers would hereafter be having surprise inspections more frequently.

The following were the other points discussed:—the planting of avenue trees and the measures to be taken to see that all the important avenues of the State were properly lined with trees; the seasonal conditions and the food position and the measures taken so far for the distribution of food.

The question of dealing with the evacuee property was also disscussed and several important decisions were arrived at.

With a view to stepping up food production in the State and affording opportunity to the members of the depressed classes to work on a co-operative basis, Government have, in their Order No. L. B. 2045-51—A. D. C. 15-49-2, dated 25th August 1949, sanctioned a scheme temporarily for co-operative farming and have accordingly selected two hundred acres of land in Jyothipura and Mayasandra Forest areas in Hoskote Taluk, Bangalore (Rural) District, for this purpose.

A group of about eighty adults will be employed to work on a co-operative basis and they will be paid reasonable wages from the start and also allowed a share of the profits in the end.

The scheme involves an expenditure of Rs. 6,000, which will be advanced from the Government grants set apart for the amelioratian of the condition of the depressed classes.

It is estimated that the scheme will result in a net yield of not less than 600 pallas of horsegram.

With a view to easing the situation caused by the accumulation of cloth, Government directed that cloth might be sold to consumers without the production of cloth coupons as a temporary measure till October 1949.

The Merchants' Association, Mysore, has urged the need for the extension of this concession particularly during the Dasara Exhibition. Government have issued order permitting the free sale of cloth to consumers *i.e.*, without the production of permits, throughout the State till the end of December 1949.

Press Note.

Dated 9th September 1949.

A joint meeting of the Boards of Directors of the Mysore gar Co. (Mandya) and of the Shimoga Sugar Co. (in forma- ı) was held in the Chambers of the Hon. Minister for ıance and Industries at 3 P.M. on Thursday the 8th Septem- 1949 to consider the question of installation of the imoga Sugar Factory at Shimoga. The Hon. Minister Revenue and Railways was also present.

The discussion lasted for about two hours. In view of the fact that the acreage under sugarcane is likely to increase as a result of Thunga and Lakkavalli Projects that are in progress, it was decided that the proposal to have another Sugar Factory at Shimoga should be pushed through. The Directors of the Mandya Company who are in full sympathy with the scheme of starting a Sugar Factory at Shimoga, have agreed to spare the extra Plant, Equipment and parts that are now available with them to the new Factory to be started at Shimoga. The Mysore Sugar Company was willing to subscribe a decent portion of the capital required for the new concern. It was thought that it was very advantageous to have the experience and the technical knowledge of sugar manufacture for this new venture. To finalise the arrangements that are to be made in this connection, it was agreed that a small committee be constituted from the two Boards of the Factories.

ı meeting of these two Boards (Committee) is proposed to held at Shimoga in the very near future, to select the site the Factory and also to work up other details connected h it. Finally, the Board of the Mandya Factory has been uested to extend their full co-operation in the matter of rting the Factory at Shimoga, and finalising the entire eme.

Rural Industrialisation Drive—Sir M. Visveswaraya's Scheme for Rural Industries.

A meeting was held in the Chambers of the Minister for ıance and Industries to-day to finalise the scheme for the ral Industrialisation Drive in the State on the lines ggested by Sir M. Visveswaraya. The subject was discussed detail. The idea is to constitute Rural Industries Develop- ınt Committees consisting of elected members for each cle corresponding to circles which form the jurisdiction for ultipurpose Co-operative Societies in the Taluks. These ımmittees will work in close co-ordination with the Multi- rpose Co-operative Societies in the area. A Central Com- ttee will be constituted with the Additional Director as ıairman and members both elected and nominated. The heme when finalised, is to have a net work of committees r efficient organisation of Rural Industries and improving e economic condition of the rural folk. Provision of indus- al occupation to agriculturists during their leisure hours so forms part of the scheme. A Superintendent of ıdustries is proposed to be posted for each district, while ch taluk may have an Industrial Supervisor.

It is proposed to introduce the scheme in two districts of e State for the time being.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 12th September 1949.

A meeting of the Policy Committee for Industries and Commerce of the Mysore Economic Conference was held in the Chambers of the Commissioner of Economic Development and Planning in Mysore, Bangalore at 3 P.M. on Monday the 29th August 1949. *Dharmaprakasa* Sri L. S. Venkaji Rao, Member, Legislative Council, presided. Sri J. B. Mallaradhya, Commissioner of Economic Development and Planning in Mysore, Bangalore, Janab M. Hayath, Chief Electrical Engineer in Mysore, Bangalore, *Rao Bahadur* Captain A. Thangavelu Mudaliar and Sri Mulka Govinda Reddy, B.A., LL.B., Member, Representative Assembly, were among those present.

One important subject discussed at this meeting was a scheme formulated by Messrs. The Mysore Glass and Enamel Works, Limited, Bangalore, for the manufacture of glass tubing, rods and ampoules with automatic plant. The Committee examined the scheme in all its details together with its financial implications and found that having regard to (i) the availability of plenty of superior type of raw-materials; (ii) trained technical personnel that the Mysore Glass and Enamel Works Limited possessed; (iii) the enormous demand for the manufactured products; and (iv) the absence of any appreciable competition, that this is a scheme which deserves every support and encouragement from the Government and that the prospects of making this project, an economic success were very bright. The scheme is estimated to cost Rs. 5,00,000 inclusive of the cost of machinery to be imported from America. Sri Shankar Rao P. Ogale, the Managing Agent of the Mysore Glass and Enamel Works and Sri Shama Rao Ogale, B.Sc. (Bom.), B.Sc., (Eng.) (Glasgow), Glass Expert, who had considerable experience and practical training in the manufacture of all varieties of glassware in United Kingdom and other parts of the Continent for over four years were also present to explain the full details of the scheme. It was brought to the notice of the committee that the firm which has quoted for the supply of machinery is one of the foremost among manufacturers in this line. One important consideration that the Committee had in view to recommend sanction of the scheme was the necessity to produce special quality glass in India for which there was a continous and insistent demand. Under existing conditions, the cost of melting by using Bengal Coal was very high and a scheme where the cost of melting glass of minor importance was to be preferred. The new scheme provides for a special process of manufacturing tubings drawn in uniform sizes without any strain and without the need for annealing. There is good demand for these products and there is no fear of any serious competition from foreign countries and there is demand for the entire output contemplated in the scheme. The rated capacity of the plant was the production of 600,000 ampoules of 15 mm. size with an outside diametre of 20 c.c. capacity per month ready packed for transport and 40,000 lbs. of glass tubings and rods ready packed in boxes for transport.

The other scheme that came up for consideration was the one relating to the VILLAGE INDUSTRIALIZATION by Sir M. Visvesvaraya. After some preliminary discussion, the Committee resolved that the Chairman may invite some Ministers and heads of departments and non-officials for a further discussion of the subject.

In regard to the scheme suggested by Sri B. S. Narayana Rao, for the manufacture of Power Plant Machinery in Mysore State, the Committee felt that necessary action had already been taken by Government of India and the mission appointed by them had been furnished with all the required information to enable them to arrive at a decision. Th Committee resolved that the final proposals on this behalf b the Central Government may be awaited. It was considere however, that Sivasamudram was unsuited for the location the industry from many points of view.

Press Note.

Dated 13th September 1949.

A local daily newspaper has dwelt at length in its editori on the industrial policy of the State as well as the Centr Government and has pointed out that the present policy fraught with danger inasmuch as many of the industries a being concentrated in the Cities as a consequence of whi there is a general rush of population from the rural areas the urban. Government wish to point out that there can no two opinions regarding the need for dispersal of industri In fact, the Government have made this point clear on number of occasions right from the beginning of the Popul Government. But, the editorial is rather distorted from fac as they exist to-day. Not only are rural industries on cotta industries basis being taken on hand at present, but also t starting of big industries in rural parts is being encourag The starting of the Textile and Paper Mills and the C Factory at Nanjangud, the Tile Factories at Gudiban Hassan and Channagiri, the Chemical Fertiliser Factory Bhadravati, the Sugar Factory in the vicinity of Shimoga a the proposal to have an Industrial Workshop in each Distr and the establishment of Industrial Schools and Techn logical Institutions in places other than Bangalore and Mys Cities are a few of the instances where ruralisation of b industries is being actively pursued by Government.

Even some new large-scale industries that need the spec facilities including what broad guage offers are provided wi sites not in Bangalore or Mysore Cities but sufficient distant from them to avoid congestion in the Cities. Th planned location of industries is one of the marked features the State.

Press Note.

Dated 13th September 1949.

The Government constituted in December 1942 a Press dvisory Committee consisting of certain representative urnalists. The Committee was consultative in character aling with such matters affecting the Press as were referred it by Government. It was last reconstituted in June 945, for a period of one year. This Committee ceased to nction, however, after the expiry of that period.

The Government have now constituted a Press Advisory ommittee for a period of one year. The scope and purpose the Committee will be to advise the Government on all matters relating to the Press in general, and in particular to express its views in cases referred to the Committee by the Government. The Committee will consist of 11 representative journalists, one of whom is its Convenor.

Simultaneously with the constitution of the Committee, Government, with a view to maintaining happy and cordial relations with the Press, have ordered the withdrawal of all action, preventive or punitive, taken against newspapers since October 24, 1947.

PART VI

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 14th September 1949.

VARIOUS MEASURES TAKEN BY THE GOVERNMENT TO AMELIORATE THE CONDITIONS OF LABOUR, FROM OCTOBER 1947.

Realising that the amelioration of the conditions of the common man should receive the first attention of every Government, the Cabinet in Mysore has been striving ever since it was installed in Office, to improve the lot of our people by legislative measures and administrative actions. Labour, which forms, by no means an insignificant part of this commonality by virtue of its extreme susceptibility to exploitation at present by designing capitalists is, therefore, receiving the highest priority of attention. The manifold activities of the Labour Department are proof—if proof were needed—that a new orientation of outlook is present in dealing with labour problems. What was hitherto a negative policy in the field of labour is transformed into a positive and purposeful attempt to bring about better conditions of living. There is a shifting of emphasis from the purely basic requirements of the worker to an increasing provision of social security in recent labour legislation in Mysore.

LABOUR LEGISLATION.

The Mysore Factories Amendment Act of 1948 providing for holidays with pay to the workers and the starting of canteens in industries where there are 100 or more workers, the Payment of Wages Act, 1948, stipulating that every worker should be paid his wages at regular intervals, the Mysore Shops and Establishments Act, 1948, providing facilities for leave and security of tenure to the workers in a field which was hitherto neglected, the Mysore Minimum Wages Act, 1948, providing for fixing minimum wages and work loads and thus eliminating the chances of exploitation of labour on the one hand and ensuring sufficient quantum of work to the Employers, the Employees State Insurance Act, 1949, providing for security against certain recurrent risks like sickness, maternity and disablement, etc., the Labour Housing Act, 1949, which provides for setting up a Tripartite Corporation to build houses for labourers, and the Mysore Employment of Children Act, 1949, prohibiting the employment of children under a certain age in some industries like the beedi-making, transport and carpet-making industries, etc., were all passed after the advent of the new Ministry.

The Government of India, with a view to securing uniformity of Labour Laws throughout the land, have directed that further legislation should be kept in abeyance in the matter of Industrial Relations. A comprehensive bill called the Industrial Relations Bill is being drafted by them. In deference to this directive from the Centre, the consideration of the Mysore Labour Bill, 1948, is deferred for the present. The draft rules under some of these Acts are under the active scrutiny of Government.

It is also the intention of Government to enact a separate Labour Bill for plantation labour.

It is thus seen that, but for the proposal of the Central Government to keep in abeyance further legislation in the field of Labour, our legislation would have been the most comprehensive and progressive.

TRIPARTITE CONFERENCE.

During this period, the Mysore Industrial and Labour Conference, which was tripartite in composition, was held under the auspices of the Government of Mysore. About 150 delegates consisting of prominent industrialists and labour leaders of Mysore were invited. As many as 17 subjects relating to labour were considered. In pursuance of th decisions arrived at the Conference, four Sub-Committe have been appointed for recommending the lines on whic legislative and administrative action might be taken, *viz* Sub-Committees on Industrial Peace, Profit-sharing, Housir and Plantation Sub-Committees.

I. L. O. CONFERENCE.

The Minister for Law and Labour, the Hon. Sri K. Bhashyam, was selected as one of the delegates of th Government of India to attend the 31st and 32nd Sessions the I. L. O. held at San Fransisco and Geneva, respectivel during June 1948 and 1949. He attended these conference The Governing body of the I. L. O. is due to meet at Myso during the month of December 1949 and all arrangemen are being made for the meeting.

THE K. G. F. PAY COMMISSION.

The Government appointed a Pay Commission for reviewin and reporting on employment and labour conditions in t Gold Mining Industry on the Kolar Gold Fields. The Co mission submitted its report and the recommendations there are under the active consideration of Government.

The Government have appointed a Wage Board to advi them regarding the fixation of the minimum rates of wag and work loads in respect of employment in the K. G. Mining and Metallurgical operations.

The Arbitration Courts and Tribunals have given awar in four out of the five industrial disputes referred to them far. These disputes relate to the Mysore Iron and St Works, the Mysore Spinning and Manufacturing Co., Lt the Minerva Mills, Ltd, the Davangere Cotton Mills, Lt the Bangalore Wollen, Cotton and Silk Mills Co., Ltd., t Mysore Paper Mills, Ltd.

Government have sanctioned the scheme of posting depa mentally trained Labour Officers in the Government-own and Government-aided industrial concerns, irrespective of t wishes of the management. Their functions are to mainta a continuous liaison between labour and management to prev conflicts by timely intervention and to look after the welf of labour in general. At present, there are 7 Labour Welf Officers working in the Railways, Porcelain Factory, Gover ment Electric Factory, Soap Factory, Sugar Factory and t Implements Factory at Hassan.

INDUSTRIAL HOUSING.

Government have sanctioned an advance of Rs. 10 lakh the City Improvement Trust Board, Bangalore, for und taking construction of labour quarters according to t estimates and plans already approved by Government. T Government of India have been addressed to give the quo of money for house-building purposes as per their Housi scheme. Meanwhile, private enterprise is also encourag The setting up of a Labour Housing Corporation under t existing legislation in Mysore is however receiving the acti consideration of Government.

PUBLICATION OF COST OF LIVING FIGURES.

Government have sanctioned the scheme for publication the cost of living index figures for Mysore, Bangalore, K.G. Davangere, Haribar, Hassan, Mandya and Bhadravati. The figures help in correlating the earnings of the workers wi the prices of commodities by providing suitable allowance.

LABOUR ENQUIRIES.

As a result of the survey of the conditions of plantati labour, suitable legislation to ameliorate the condition plantation labour is under the active consideration of Gover ment. Besides this, the Government of Mysore, under t direction of the Government of India, is engaged in Ag

759

ultural Labour Enquiry, with a view to fixing minimum wages, nd find out the incidence of forced labour, and generally to mprove the condition of agricultural labour.

SHOPS AND ESTABLISHMENTS ACT.

With a view to enforcing the provisions of this Act, three nspectors have already been appointed, and it is under ontemplation to appoint a few more Inspectors.

REORGANISATION OF THE DEPARTMENT.

In order to cope with the extended field of work and respon-ibility, and the new demands that will be made on the epartment, the Government have sanctioned the reorganisa-ion of the Labour Department. A separate administrative ivision in charge of an Assistant Commissioner of Labour vith headquarters at Chikmagalur has been opened to look fter the welfare of plantation labour. The Labour Commis-ioner's Office is divided into five sections each working under highly qualified officer with a view to a more expeditious nd efficient disposal of the work. They are the Administra-ive Section, the Technical Section in charge of the Technical ssistant, Statistical Section in charge of the Statistical ssistant, the Information and Gazette Section in charge of he Labour Information Officer, and the Women's Welfare ection in charge of a Women's Welfare Assistant.

The Department has organised a research section. It has library which has 1,034 books, periodicals, etc., and about 12 books have been newly added to the library. Twenty-ne journals and papers are received in exchange for the epartmental publications. 'Cuttings' from newspapers elating to matters of labour interest are pursued and main-ained in a file. Besides, it is under contemplation to enquire nto the condition of women labour in the Kolar Gold Feilds ines and the appointment of regular inspection of their elfare is under active consideration.

LABOUR INFORMATION SERVICE.

The Mysore Labour Gazette is published monthly in nglish and fortnightly in Kannada and Tamil. It contains l information relating to labour. It has acquired great opularity, and gained the encomiums of the International abour Bureau, the Labour Bureau of the Government of ndia, etc. Besides these publications the Information epartment is publishing from time to time pamphlets and ress notes bearing on labour matters.

It is also under contemplation to organise the labour intel-gence service by appointing throughout the State orrespondents who will be in close contact with important bour centres.

DEPUTATION OF OFFICERS OF THE DEPARTMENT TO FOREIGN COUNTRIES.

The question of deputing one or two officers of the Depart ent for undergoing training in foreign countries in Labour dministration is engaging the active consideration of overnment. One officer has already returned from the nited Kingdom after undergoing the training and another is deputation in Washington undergoing training in Labour atistics.

VISIT OF THE HONOURABLE MINISTER TO FACTORIES.

With a view to studying at first hand the conditions of bour in various industrial concerns, and suggesting amelio-tive measure, the Honourable Minister for Labour is having regular programme of visits to the factories in Bangalore ty. He has already visited a number of factories, met bourers and suggested many ameliorative measures. He as also arranged to meet the employers with a view to listing their co-operation in providing employment to the nemployed. The employers' meeting has become a regular ature of the activities of the Employment Exchange.

EMPLOYMENT SERVICE ORGANISATION.

The Employment Exchange registered 3,370 persons in 1948-9 and placed 644 in jobs. Under the Scheme for training of -service personnel in further education, 287 persons were lected by the Board, of whom 62 completed the training urse, 96 are under training and the remaining are waiting to in training centres. A sum of Rs. 70,367 has been spent to ate on the training of ex-service personnel.

To place the organisation on a par with those in the sister ovinces, an officer of the Resettlement Directorate was iputed during January 1949 to study several aspects of the orking of the employment service organisation at Delhi and the Provinces.

The Commissioner of Labour will be touring the State shortly along with the Director of Resettlement and Employment, Madras, with a view to studying the question of extending the services of the Employment Exchanges to the other parts of the State.

These are in brief a few of the many-sided activities on which the Department has embarked. Many more things are still required to be done, and there is still a considerable lee-way to make. Yet, it must be said that during the short period the present ministry has been in office, much has been done, of which the State can be proud.

Press Note.

Dated 19th September 1949.

Following the United Kingdom's announcement regarding the devaluation of the pound sterling and with a view to obviating speculation and dislocation of the markets, the Government of India have declared the 19th, 20th and 21st September as public holidays. The Government of Mysore also have, under the explanation to Section 25 of the Negotiable Instruments Act, 1917, declared the 19th, 20th and 21st September as public holidays so far as Banks, Stock Exchanges, Share, Commodity and Bullion Markets are concerned throughout the State. Other Government Offices will remain open as usual, except Government Treasuries and Savings Bank transactions.

(P. N. No. 97—19-9-1949—11,701-11,800).

Press Note

Dated 19th September 1949.

In a local daily, it has been alleged that the Minister for Education has constituted Scholarship Committees for the colleges and the schools. This is not a fact. As regards Colleges, the University Council is fully empowered to constitute such Committees without reference to the Government and they have done so. With reference to the High Schools and Middle Schools, the *ad hoc* committees for the award of Backward Class Scholarships to students are constituted by the Director of Public Instruction in his discretion according to the existing rules.

Government wish that these committees will work in a fair and impartial way so as to satisfy the public at large.

MISCELLANEOUS DEPARTMENT

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V and VI should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919. In regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. & S. 44-25-2, dated 13th September 1926).

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. As per G. O. No. E. 1892-1902—P. & S. 12-23-13, dated 8th December 1923, and G. O. No. 5139-95—P. & S. 12-30-1, dated 12th November 1930, the English or the Kanarese portion of the *Mysore Gazette*, consisting only of the five Parts, *viz.*, I, II, III Section 1, III Section 3, IV and V taken together or an entire copy of the English or Kanarese Gazette containing all the parts will be supplied only to Patels, Nad-Patels, Shanbhogs and Sheikdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time or that he is on leave for a period not exceeding three years. Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such money should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 24th September 1949

It is hereby notified for the information of those interested that the Ministry of Food, Government of India, have removed gulabi and kabuli varieties of gram from the basic plan for gram and have permitted merchants to handle these varieties of gram on private account.

Import of these varieties of gram into the State will be regulated as per conditions laid down in Notification No. S. D. 4236-Cl. 48-30, dated 30th November 1948 and subject to the obtaining of an Import Permit from the Director of Food Supplies in Mysore, Bangalore as per Import of Foodgrains Control Order, 1949.

(P. N. No. 102—dated 24th—9—1949—12401-12500.)

Press Note.

Dated 25th September 1949.

With reference to certain news reports published recently in the press in the matter of the existence of differences of opinion on the management of the Melkote Temple, the following facts are published for general information.

For some months now, a section of the staff of the temple was urging for an enhanced grant to the temple, with revised scales of pay to the temple establishment and agitating for the constitution of a Committee of Management with autonomous powers over the administration of the temple, subject only to the general supervision and control of Government, in place of the Committee of Dharmadarsis. Proposals for the revision of scales of income and expenditure are under scrutiny of the local officers. As regards the suggested appointment of a Committee of Management, the matter has been under the careful examination of Government, as the suggestion involves a radical change in existing practice regarding the administration of affairs of muzrai institutions in the State. Two members of the staff, however, precipitated matters by starting satyagraha and commenced a fast from the morning of the 16th September 1949 demanding an immediate constitution of a Committee of Management for the Temple.

The Deputy Commissioner, Mandya and the local officers met these two gentlemen and enquired them and the other members of the temple staff, as well as the local devotees. The Deputy Commissioner explained the measures that had been taken to effect improvements and to revise the scales of income and expenditure and the unreasonableness of their commencing a fast so precipitately on the issue of a Committee of Management on the lines envisaged by them, when there was no such committee operating in any other muzrai institution in the State. The Satyagrahis, however, were not disposed to listen to such persuasion and continued their fast. The Amildar was camping at the spot and there was a Medical Officer in attendance and reports on the situation were being sent to Government. On the morning of the 20th, a deputation consisting of some members of the temple staff waited on the Hon'ble Minister for Muzrai and explained the nature of the demand and urged his intercession in the matter, as the condition of the Satyagrahis was somewhat deteriorating.

That very morning, the Hon'ble the Minister accompanied the Muzrai Commissioner and the Deputy Commissioner, Mandya, proceeded to Melkote and saw the gentlemen who were on a fast. He explained to them and the other responsible persons present at Melkote that Government would be glad and ready to examine the defects and to hear the grievances, if any, in regard to the administration of the affairs of the Temple and that the proposals for the revision of scales of income and expenditure were being expedited by the local authorities. As regards the constitution of an autonomous Committee of Management, however, it was not possible in the nature of things, to give any decision on the spot and that its pros and cons had to be very carefully scrutinised by the Government. The Hon'ble Minister said that Government would consider urgently the question of appointing an *Ad Hoc* Committee consisting of independent persons of high standing and with intimate knowledge of temple affairs, with certain specific terms of reference, bearing on this subject. That Committee would examine the whole question in detail and formulate recommendations for the consideration and orders of Government. The Minister added that this was the only reasonable procedure in the circumstances and hoped that the two gentlemen who had gone on fast would be convinced of it by what he had said and break their fast. He also assured them of the Government's deepest interest in the continued prosperity of the temple.

The two gentlemen who had gone on fast for the past nearly five days felt convinced by the arguments and broke their fast by taking orange juice. The Hon'ble Minister offered worship at the temple and returned to Bangalore in the evening.

Press Note.

Dated 26th September 1949.

(*Health of Livestock—August* 1949)

Hæmorrhagic septicæmia, Anthrax, Contagious goat pleuro pneumonia, Foot and Mouth, Rabies, Ranikhet and Sheep-pox diseases were encountered in the State, while it remained conspicuously free from Rinderpest during this month. Altogether 397 villages were reported to have been affected by one of the other of the above contagious and infectious diseases, as against 453 villages during the previous month. The number of outbreaks was highest in Kolar, Bangalore and Shimoga Districts, while Hassan, Mandya and Chikmagalur Districts were least affected. These diseases accounted for 1,47[illegible] attacks of which 1,093 animals succumbed, as against 1,78[illegible] attacks and 1,213 deaths during the previous month.

The departmental staff undertook 38,683 Preventive Inoculations and Vaccinations against all the above diseases except Foot and Mouth disease, as against 56,168 Inoculations and Vaccinations during the previous month. In the absence of a reliable method of vaccinatory intervention other prophylactic measures were adopted against Foot and Mouth disease.

Disease conditions caused by internal parasites were reported from 172 villages resulting in 42 deaths, as against 153 villages affected with 39 deaths during the previous month. The special staff attached to the Parasitic Disease Control Units and Sheep Breeders' Associations of the Department dosed 9,136 animals as against 11,543 animals during the previous month.

The rest of the Livestock remained free from disease during the month and fodder and water were generally available throughout the State.

Press Note.

Dated (Camp Mysore) 26th September 1949.

It has come to the notice of Government that one Sri Narayana Sa of Harihar has undertaken a fast in connection with the location of the Bus-stand in Harihar Town. Telegrams and letters have been received, both supporting and

opposing the stand taken by Sri Narayana Sa. The previous lay-out plan, which was prepared about eight years back by the then Government Architect, has been modified by the present Government Architect, after spot inspection and the new lay-out plan has been prepared by him. The Government Architect opines that under the existing conditions the spot under dispute is not suited for the location of the bus-stand and the one selected by the Municipality near the Railway Station is best suited for the purpose. The resolution of the Municipality, which has been supported by the Health Officer, the Deputy Commissioner and the Government Architect, was taken into consideration while deciding the case; after spot inspection and after hearing the counsel for the petitioner, the present decison was arrived at. Government are convinced that the stand taken by Sri Narayana Sa in resorting to fasting is not justifiable and that the Government have decided the case in the best interests of the general public and the Municipality.

Press Note.

Dated 28th September 1949.

Clandestine manufacture of fireworks.

Instances have come to the notice of the Department of Mines and Explosives in Mysore, where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses, clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the Local Police Authorities. The object of bringing this to the notice of the general public is in view of the approaching Deepavali festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Bellulli Pattas" throwdowns or small bombs consisting of a mixture of potassium chlorate and arsenic or antimony sulphide or sulphur have come to notice. These accidents have resulted in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property. The mixture constitutes a highly dangerous explosive to friction, force (blows) and even liable to ignite spontaneously. As this firework composition is mostly used during Deepavali and Shaban festivals, the department has also issued timely warning by a notification in the official *Gazette*, to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any person manufacturing, possessing or importing such a mixture will be rendering themselves liable for punishment under the Law.

Press Note.

Dated 4th October 1949.

A few statements have appeared in the Press regarding the retrenchment that is proposed to be effected in the Police Department. Government have been considering the need for effecting economies in all Departments with a view to reducing expenditure, which has grown abnormally during the last few years. They had also appointed an Economy Officer in accordance with the opinion expressed by the members of the Legislature. The report of the Economy Officer is under the careful scrutiny of the Government. The method of effecting economies in the Police Department has been considered by the Government in consultation with the Departmental Retrenchment Committee appointed for the purpose. The intention was to review the present strength and disposition of the police force and to rationalise the same, with reference to the needs of the country and to correlate it, with the general financial position of the State. There was no intention either to arbitrarily reduce the force without taking into consideration any of the consequences that may follow, or to throw suddenly a number of police constables and officers out of employment. The matter is still under consideration and no final decisions have been taken. Any decision to reduce the force will be such that no person is thrown out of employment immediately. Reductions in strength, if effected, will be gradual, and will not adversely affect either the members of the police force, or the larger interests of maintaining the security of the country.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 5th October 1949.

In their Notification No. 1993, C. B. 66-49-2, dated the 9th September 1949, Government directed the creation of the post of a Commissioner for Food Production Scheme in Mysore and Sri M. K. Appajappa, who was appointed against this post, assumed charge of his office with effect from the 10th September 1949.

The heads of departments and the public are hereby requested to send all correspondence relating to Food Production Scheme to "The Commissioner for Food Production in Mysore, United India Buildings, Bangalore-2."

(P. N. No. 110—5-10-1949—13,400-13,500)

Press Note.

Dated 7th October 1949.

The attention of dealers in Drugs and Medicines in the State is drawn to the provisions of the Mysore Drugs (Control) (Emergency), Act 1949, published in the *Mysore Gazette*, (Extraordinary) of 3rd October 1949 and they are hereby directed that they should strictly adhere to those provisions in respect of the scheduled drugs.

The following directions are also issued:—Under Clause 10 (1) of the said order (A) all dealers in the scheduled drugs should exhibit on the premises a price list of drugs as notified in the schedule to the Act and held for sale and this list should be clearly typewritten and exhibited in a conspicuous place in the shop so that it is prominently visible and the contents easily readable. (B) The price list should be in English.

Pending the issue of Gazette Notification prescribing the particulars to be contained in Cash Memorandums, the dealers are hereby required to issue, invariably, the usual cash memorandums for sales amounting to Rs. 5 or more and if so demanded, even when the sale is less than Rs. 5.

Under Clause 8 of the Act it is an offence to refuse to sell any drug to any person and the dealers therefore shall sell the drugs in reasonable quantities to *bona fide* consumers.

All dealers in drugs should declare their stock of the scheduled drugs as on 3rd October 1949 and these declarations should reach the Office of the Controller of Civil Supplies in Mysore, Bangalore, on or before 15th October 1949.

Contravention of any of the provisions of the Act is punishable under Clause 13 (1) of the Act.

(P. N. 112—7-10-49—13,600-13,700).

2446

Press Note.

Dated 10th October 1949.

In supersession of all the previous Notifications issued by the Controller of Civil Supplies in Mysore, Bangalore, under the H. P. P. Act, 1948, directing all the dealers of the State to sumbit their stock declarations within the 30th of September 1949, etc., the following revised instructions are issued :—

(*a*) It is no longer necessary to declare stocks and obtain release orders from the office of the Controller of Civil Supplies;

(*b*) However, no article should be sold at a price which is unreasonable as defined in the H. P. P. Act, 1948, and at a price higher than the one that stood before the 19th September 1949, and after devaluation;

(*c*) The dealers are requested to see that no undue fluctuations are made in the prices and that stocks are made easily available to the *bona fide* consumers in the State.

All the dealers in these goods are also to note that thou some relaxations are made as in (a) above, the H. P. P. A 1948, continues to be in operation and offences under a clause of that Act are still punishable under Section 14 the Act.

It is hoped that the dealers will endeavour to cater to t needs of the *bona fide* public and cause no inconvenience them.

(P. N. No. 113—10-10-1949—13,801-13,900).

Press Note.

Dated 12th October 1949.

THE MYSORE MANURE DEALERS' LICENSING ORDER, 194 AMENDMENT.

The Government of His Highness the Maharaja of Mys have amended sub-clause (c) of Clause 2 of the Mys Manure Dealers' Licensing Order, 1947, appointing the Co missioner for Food Production in Mysore as the Control under the said order instead of the Director of Agriculture Mysore, as heretofore.

HOTEL ACCOMMODATION FOR VISITORS TO PARIS.

Information has been received from the Indian Embass France that it is extremely difficult to secure suit accommodation in hotels in Paris for intending visitors f India unless sufficiently long notice is given. Every effor however, made and rooms are booked in suitable hotels, w they can be obtained. It may be pointed out that when h accommodation is secured through Embassy channels, rates quoted are sometimes higher than those the visitors be able to obtain if reservations were made by them di through the normal agencies of recognised Travel and Tou Services. This fact may be noted by intending visitors Paris so that there may be no misunderstanding on their if accommodation is at times not available or the rates off to the Embassy happen to be somewhat higher than visitors might have been able to secure for themselves.

Because of the number of requests for booking h accommodation which are being received from Indian visi coming to Paris for non-official purposes and of the time energy that these applications demand from the Emb staff, it might perhaps be desirable to discourage pri visitors from using the Embassy for this purpose.

NOTICE OF VACANCIES.

Notification No. 10028—49-50—*P.S.C., dated* 17*th October* 1949.

It is hereby notified for the information of candidates seeking employment that the following vacancies will be filled up shortly. Intending candidates should submit their applications, in duplicate, in the prescribed form to the undersigned together with copies of testimonials, if any, on or before the date specified against each vacancy. Candidates in service should submit their applications through their official superiors and those applying for more than one vacancy should submit separate applications in duplicate in respect of each vacancy. Vacancies under "A" Class are open to candidates of all communities and the best qualified applicants for the same will generally be selected. Vacancies under "B" Class are reserved for candidates belonging to Backward Communities and the best qualified applicants from among them will generally be selected.

N.B.—(1) No notice will be taken of applications not submitted by the due date in the prescribed form or of those which, though in the prescribed form, do not furnish all the particulars required in the various columns or of those not referring to any specific vacancy advertised in the Gazette.

(2) The serial number of the vacancy applied for should be quoted at the top of the application in bold figures and application should always be addressed to the Public Service Commissioner for Mysore, Bangalore, and not to his personal address by name.

(3) Candidates already in service, whether permanent or temporary should apply through their official superiors. Applications received direct from such candidates will not be considered.

(4) Candidates must be Mysoreans by birth or domicile. Where an applicant claims to be a domiciled Mysorean, a certificate from Gazetted Officer of the Mysore Service showing the ground for the claims should be enclosed.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 24th October 1949.

In view of the increasing demand for groundnut oil cake in the State, Government have brought into force full monopoly procurement of this commodity and even then the quantity available is not *sufficient* to meet the internal demand. The version that the merchants of Davangere are prepared to sell groundnut oil cake cannot be true as private sale is prohibited.

Dated 26th October 1949.

Cholera broke out at Madeswaraswamy Betta in the Madras Presidency where a jatra was held last week. Some of the pilgrims returning to Chamarajanagar, T.-Narsipur, Yelandur, Nanjangud and other surrounding villages got the attack and died. At Mugoor there were six attacks and one death, at T.-Narsipur there was one attack and one death and at Yelandur area there were thirty attacks and twenty deaths. In the last mentioned place, one case has been reported to be from cholera and other cases have proved bacteriologically negative. All precautions necessary to check the epidemic, such as, closing down of hotels, chlorinating wells and mass inoculations have been taken. In T.-Narsipur alone eighteen thousand inoculations have already been done. A team of doctors and equipment have been rushed to various parts of the District and situation is well under control. Measures to protect the Mysore City have also been taken. Two suspected cases have been isolated and there is no need for any apprehension. However, among other measures, arrangements have been made for mass inoculation.

AGRICULTURAL LABOUR ENQUIRY.

A meeting was held in the Chambers of the Honourable the Home Minister on Thursday the 20th October 1949, to consider ways and means of conducting an Agricultural Labour Enquiry in the State on the lines specified by the Government of India. The Deputy Secretary, Ministry of Labour, Government of India, the Revenue Secretary, Government of Mysore, the Commissioner for Rural Development in Mysore, the General Secretary to the Government of Mysore and the Provincial Supervisor, Agricultural Labour Enquiry, Bangalore, were also present at the meeting.

The Deputy Secretary, Ministry of Labour, Government of India, explained the object of the enquiry which was intended to collect data on wages, earnings and standard of living of agricultural labour, primarily for the purpose of fixation of minimum wages for agricultural workers and generally for ameliorating the conditions of labour. He said that it was originally proposed to conduct the enquiry in about 2,000 villages. A comprehensive questionnaire was drawn up on the advice of Provincial and State Governments and the plan of enquiry was examined by the Committee of Economists and Statisticians attached to the Central Cabinet Secretariat. On their advice, the enquiry was decided to be conducted in three stages, *viz.*, Exploratory Survey, Pilot Survey and Regular All-India Survey. The Exploratory Survey was conducted in about 40 villages in certain Provinces and States including Mysore, to test the suitability of the questionnaire. On the results of this survey, the original questionnaire was revised, removing questions which were not likely to be answered correctly. It was originally decided to collect data relating to the last agricultural year but since difficulties were experienced in collecting such data and since it was found that the data collected would be at best an intelligent approximation, it was now proposed to collect data for the current agricultural year so as to get observed data as far as possible. He also said that, owing to considerations of cost, the number of villages selected for survey had been reduced from 2,000 to 800. The country had been divided into a number of units for this enquiry and 40 villages assigned to the Mysore unit, comprising of the States of Mysore and the United States of Travancore and Cochin. The Honourable Home Minister wanted to know whether it was not possible to select in Mysore State the villages which were already included

in the Rural Development programme. Sri Sadashiva Prasad, the Deputy Secretary, Government of India, said that, as far as selection of villages was concerned, the Government of India depended entirely on the technical advice of the experts and since this was the first economic enquiry it was necessary to be cautious and scientific. He also requested the Government of Mysore to take up welfare work in the villages selected for the enquiry as this would interest the residents of these villages in the survey of conditions of agricultural labour and would further be useful in drawing up blue-prints of ameliorative measures which should be undertaken in the interests of agricultural workers. The Commissioner for Rural Development stated that, in Mysore, the scheme of rural development was by no means new and that there was a long tradition in the State of the rural uplift work. The new scheme of Rural Development comprised of all aspects of rural life. The Provincial Supervisor suggested that, in addition to the items included in the Hyderabad scheme of co-ordinating rural development, Mysore could add the electrification of selected villages, provision of lift irrigation, opening of maternity centres, introduction of cottage industries and opening of adult education classes. The Honourable the Home Minister observed that the Government of Mysore would render all possible help in the collection of agricultural labour statistics by intensifying rural development work in the villages selected by the Government of India for the enquiry. A list of such selected villages was required to be sent to the Rural Development Commissioner so that necessary action in this direction could commence without loss of time. Sri Sadashiva Prasad, the Deputy Secretary, expressed his gratitude for the interest evinced by the Home Minister in the agricultural labour enquiry and hoped that rural development undertaken in the villages selected would be most successful and would go a long way in promoting the moral and material prosperity of agricultural workers all over the State.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V and VI should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919. in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. & S. 44-25-2, dated 13th September 1926).

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. As per G. O. No. E. 1892-1902—P. & S. 12-23-13, dated 8th December 1923, and G. O. No. 5139-95—P. & S. 52-30-1, dated 12th November 1930, the English or the Kanarese portion of the *Mysore Gazette*, consisting only of the five Parts, *viz.*, I, II, III Section 1, III Section 3, IV and V taken together or an entire copy of the English or Kanarese Gazette containing all the parts will be supplied only to Patels, Nad-Patels, Shanbhogs and Sheikdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time or that he is on leave for a period not exceeding three years. Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such money should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash wlil be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

11. (*a*) The rates of annual subscription to the Gazett *for subscribers within the Mysore State* which are payable i advance are as follows :—

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 25th October 1949.

The attention of Government is drawn to certain reckless and baseless allegations made against the officers of the Sugar Company and the Director of Food Supplies in the matter of acquisition and distribution of sugar. The allegations are entirely without foundation. Nothing has happened to disturb the harmonious relationship between the Director of Food Supplies and the Sugar Company.

Government have granted leave to the Director of Food Supplies at his own request on reasons of ill-health.

(P. N. No. C. 16—25-10-1949—301—400).

Press Note.

Dated 25th October 1949.

In the issue of *Deccan Herald* dated 24th October 1949, a letter has been published from Janab Mir Noor Hussain, a Member of the Representative Assembly, alleging that the Electrical Department has not been taking necessary precaution to avoid accidents. This has been based on the death of a gardener in the compound of Akashvani that occurred on the 20th instant.

The article alleges that the leakage of the current was reported to the Electrical Department eight days previously and also the writer of the article alleges that the Electrical Department has been exhibiting apathy at the leakage of current that occurs in the distribution system. This charge is based on incorrect information by the writer of the article. No report was made either eight days before or at any time till after the accident.

The leakage of the current was reported to the Department at 9 A.M. on the 20th instant after the accident. Immediately the circuit was opened and the Superintendent, Mysore Power and Lighting, visited the place and examined the defect and found that the underground cable of the street circuit was damaged while laying the pipe line along the foot-path in front of Akashvani Broadcasting Station. The damaged portion of the circuit was disconnected and service was restored to the rest of the street circuit. Thus it will be seen that the defect has been caused by the excavation of a trench in the area for laying the pipe line and the Department was unware of the defect till it was reported at 9 A.M. on the 20th instant after the accident.

The writer of the article refers to previous instances. As far as the Department is concerned, every time a defect is noticed by its staff or has been reported by the public, prompt attention has been paid, apart from the fact that *the Department has always been keeping a vigilant watch over the possible defects in the distribution system and attending to them promptly*. The error in the statement of the writer of the article is obvious that, if the defect existed for a week, several electrocutions should have occurred during the period, as the gate of the Akashvani is handled almost every day.

CHOLERA SITUATION IN MYSORE DISTRICT, OCTOBER 1949.

The following report on the cholera situation in Mysore District, based on the latest report, is published for general information.

The existence of the prevalence of cholera at Mahadeswara Betta Jatra was not known till the first cases began to be reported by the local authorities on 23rd October 1949. All the local doctors in all the dispensaries who were previously supplied with a total 6,000 doses of cholera vaccine, took up immediate inoculation work, that is, on the first reporting of the attacks at the various places in the District. A further stock of 17,760 doses of vaccine was supplied to the various dispensaries during the past three days. Every day 10,000 doses of vaccine are being sent to these dispensaries to replenish their stock so that a steady stream of vaccine will be kept up till the infection is completely under control.

It may be pointed out that cases of vomiting and diarrhœa were reported as cases of cholera from Yelandur town and some of the surrounding villages on 25th May 1949. Anti-cholera inoculations work in this area was begun immediately in these villages and was continued, in spite of the fact that the bacteriological examination of the stools indicated that they were not cases of cholera.

Reports of attacks and deaths so far received are only amongst those pilgrims who returned after attending the Mahadeswara Jatra. 71 attacks with 25 deaths have been reported so far. A strict watch is kept for any fresh outbreak in the villages themselves as a result of return of these pilgrims and their subsequent contact with the persons.

Mass inoculation work to protect the population is already under way. All the doctors in the dispensaries in the District are attending to the epidemic control work. In addition, eight doctors have been drafted for inoculation work and five inoculation centres have been started in Siva-Bridge, Mudukatore, Mugur, Santhemarahalli and Dodda Kowlende. All the villages round about these centres are being attended to. The remaining three doctors have been posted to infected villages of Mysore, Chamarajanagar and Nanjangud Ranges.

Special Health Inspectors have been posted to all the infected places for undertaking chlorination of all the drinking water sources, disinfection of infected places and houses, etc., segregation of cases and to attend to general sanitation work. All the hotels and shandies in the District have been closed down.

The reports received till now indicate that there is no cause for any anxiety and the situation is well under control.

(P. N. No. C. 26—28-10-1949—801-900).

Press Note.

Dated 31st October 1949.

With a view to developing the Khadi Industry in the State so that several Khadi Centres might work on the basis of self-sufficiency and produce Khadi of finer varieties to suit varying tastes and to consider the measures therefor, a small Committee, consisting of three Members, as noted below has been constituted by Government in their Order, dated 5 August 1949:—

1. The Additional Director of Industries and Commerce.
2. Sri A. Vasudeva Rao, Secretary, Mysore Khadi Pracharaka Sangha, Chitaldrug.
3. Sri H. M. Channabasappa, President, District Board, Mysore.

The Committee has to review the progress of Khadi Industry in the State so far and go into the question of organising the future Khadi work in the State, and make suitable recommendations to Government in the matter. Since then, Sri K. A. Venkataramiah, Joint Organiser, Village Industries Committee, Karnatak Branch, (Dharwar District) has also been appointed as an Additional Member of the said Committee. Their recommendations are awaited.

Elimination of Bogus Ration Cards.

The fact that Mysore is deficit in foodgrains has enjoined a great responsibility on every citizen of the State to help not only in increasing food production but also in husbanding the

899

resent resources by co-operating with Government in detect-ng and severely dealing with the anti-social elements who seek to draw rations either under false pretences or on bogus ation cards. Appeals made in the past in this behalf have yielded substantial results, inasmuch as 3,786 bogus ration cards, involving 16,045 adults and 2,945 children have been eliminated in Bangalore City alone since January 1949, resulting in a monthly saving of over 1,400 pallas of food-grains. For the same period, in Mysore City, 2,535 bogus cards, involving 17,300 persons have been seized, resulting a monthly saving of 1,380 pallas of foodgrains. But it is feared that a complete stop has not yet been put to this anti-social activity and that there is still in circulation a large number of bogus cards in all the rationed areas. Government are determined to detect these cases and deal severely with such card-holders. Government seek the co-operation of the public in this endeavour.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 9th November 1949.

A letter under the heading "Minimum Rate for Electricity" is puplished in the issue of "Deccan Herald" dated November 9th, 1949. The consumer has stated that he has received a bill at the rate of Rs. 4 as flat rate for installation that has been serviced without meter.

It is true that in spite of the best efforts of the department, it has not been possible to secure sufficient number of 25 cycle meters to instal in every installation that is in service. The department has introduced a system of rotation of meters, so that every installation will get metered during the course of a year for a period of three months or more. But there are consumers who are anxious to take service, as they get ready with the installation without waiting for the meters being made available by adopting the above procedure. In such cases service is being given without meters and the installation will be metered within about a year from the date of servi e as far as practicable.

A levy of Rs. 4 as minimum per month on the basis of use by the consumer for three hours of his entire installation was adopted. But before this was enforced the hardship that would be caused to the consumers by such an arrangement was realised and revised instructions have been issued directing all sections and sub-sections of the department to levy a minimum of Rs. 2-4-0 per month for installations rated at three points until meters are installed and actual consumption is determined. The levy of Rs. 4 complained of by the writer of the letter must have occurred before the circular reached the Chamarajanagar Sub-section and the bills already sent out at Rs. 4 per month will be revised to Rs. 2-4-0 per month.

Press Note.

Dated 15th November 1949.

Government had ordered in their Notification No. S. D. 9482—C. 111-47-18, dated 22nd April 1949 that "Garuda Kembuthi" paddy grown in Mandya District, be classified under the "I Quality" with effect from the date of the Order, *viz*, 22nd April 1949. It has since been represented that the benefit of the classification of "Garuda Kembuthi" paddy as first variety will not be available to the persons who surrendered that variety of paddy during the Harvest Season prior to the date of the Notification unless the Order is given retrospective effect. As the entire quantity of "Garuda Kembuthi" grown in Mandya District, is reported to have been procured in full before the date of the abovesaid Notification, Government have directed that the benefit of the classification may be given retrospective effect, *i.e.*, from the commencement of the Harvest Season of 1948-49.

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 21st November 1949.

Concessional rates for transport of Handloom cloth.

After considering representations from the handloom industry, the Railway Board, Ministry of Railways, Government of India, has directed that with effect from the 1st November 1949 and up to the 31st March 1950, in the first instance, the following concessions are to be extended to handloom cloth including 'Khaddar' which is both hand-spun and hand-woven :—

By Passenger or parcels trains : Half parcels rates at owners risk.

By Goods trains : 10th Class at Railway risk.
9th Class at owners risk.

2. The existing Goods Tariff classification entry "Piece-goods, cotton, woollen or artificial silk, with or without common metal brass or tinsel thread edging, false or imitation lace, in bales, press-packed or packed in boxes or cases" is to be amplified by the addition of the following words :—

"and hand-woven cloth including "Khaddar" hand-spun or hand-woven, not press-packed".

3. As a check on improper booking of mill cloth as handloom cloth, the Board desires regular checks carried out at receiving stations and in the event of mis-declarations coming to notice, Railway Administrations should recover charges at double the highest class rate and invariably prosecute under Section 106 of the Indian Railways Act IX of 1890.

4. The matter is to be reviewed in the early part of March next with the object of determining whether these tentative concessions give sufficient relief or are too liberal and to what extent the check on mis-declaration of mill-made cloth as handloom can be enforced. To permit of this review, Railway Administrations are requested to submit a full report not later than the last week of February 1950.

Press Note.

Dated 21st November 1949.

It is hereby notified for the information of the travelling public that on account of the rise in the cost of vehicles, spare parts, petrol and motor oils, it has become inevitable for the Mysore Government Road Transport Department to enhance the bus fares with effect from 1st December 1949. The bus fare on and from that date will be enhanced to 0-0-8 pies per mile per passenger for the first 50 miles of the journey and at 0-0-6 pies thereafter in accordance with the Government Order No. T. 2308-21—R.T. 12-48-3, dated 17th December 1948.

The travelling public will appreciate the circumstances that have now led the Department to increase the bus fares and they are requested to continue their patronage as usual and make the scheme of nationalisation of bus services a success.

Press Note.

Dated 21st November 1949.

ACQUISITION OF THE NEW HARVEST, 1949–50.

In accordance with the policy of continuing the controls over foodgrains, the Government of Mysore have promulgated the Articles of Food Acquisition (Harvest) Order 1949. The special features of this order are :—

(i) No landholder is exempt from the operation of the provisions of this order ;

(ii) The allowance for domestic consumption allowe to the cultivators on the basis of All-Ind scale is 1 lb. per person ;

(iii) A greater allowance is made for farm labourers ar for seed purposes than was allowed in the previo Harvest Order.

This allowance, it is hoped, will be helpful to the cult vators who are required to make payment in kind to the agr cultural labour.

Regarding the question of procurement prices th Government of Mysore urged the need for retaining the price that were fixed last year. The Government of India, afte considering all the facts placed before them, have howeve directed the fixation of procurement prices as follows :—

They have stated that this is a part of a policy of integrate reduction of the prices of essential commodities to chec inflation and to prevent further deterioration in the economi situation in the country.

OFFICE OF THE DIRECTOR, ANIMAL HUSBA DEPARTMENT IN MYSORE, BANGALORE

Sale Notification dated 23rd November 1949.

It is hereby notified for the information of the pub the annual sale of about two hundred surplus Amr Cattle will be held in public auction, by the Director other officer that may be deputed by him at the fo places at 2 P.M. on the dates noted against each :—

Sl. No.	Sale centre	Date of sale	Other particul
1.	Holalkere ...	4th and 5th January 1950.	... Near Holalkere Rai Station.
2.	Honnavalli Road (Konchalli).	9th January 1950	... Near Honnavalli Roa Station.

(1) The final bid at the open auction will only be by the Director, Department of Animal Husbandry or conducting officer subject to the condition that amount is deemed to be not below the price of the an

up for auction. Immediately after the close of the sale the successful bidder should pay up 25 per cent of the sale amount as deposit and offer suitable security for the payment of the balance. The balance of the sale amount should be paid within three days of the date of sale failing which, the animal will be resold at the risk and responsibility of the original purchaser. If the amount realised in such resale should result in loss to Government, such loss will be recovered from the original purchaser as per rules applicable for recovery of arrears of land revenue. If in case, the resale should bring in a higher amount than in the original sale, the original purchaser will have absolutely no claims over excess amount. The animal put up for resale will be retained in charge of the department till it is sold again at the risk and responsibility of the original defaulting highest bidder.

(2) If the sale conducting officer should have any doubt about the solvency of any of the bidders, they can be permitted to bid only after depositing a sum ranging from Rs. 10 to Rs. 25 as may be fixed by the sale conducting officer.

(3) When once a bid is offered neither any complaints can be entertained regarding the bid, nor the bidder can deny or reject the animal for which the bid is offered and as soon as the sale of the animal is closed, the highest bidder will attest his signature after entering the details of sale in the register of the sale of cattle. If the bidder holds out any takarar, a mere remark to that effect by the sale conducting officer will be enough. When the highest bidder has attested in the concerned register, it is deemed that he has agreed to be bound by all the conditions of the sale.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V and VI should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919. In regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. & S. 44-25-2, dated 13th September 1926).

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. As per G. O. No. E. 1892-1902—P. & S. 12-23-13, dated 8th December 1923, and G. O. No. 5139-95—P. & S. 30-1, dated 12th November 1930, the English or the Kannarese portion of the *Mysore Gazette*, consisting only of the five Parts, *viz.*, I, II, III Section 1, III Section 3, IV and V taken together or an entire copy of the English or Kannarese Gazette containing all the parts will be supplied only to Patels, Nad-Patels, Shanbhogs and Sheikdars within the State at *half* rates on production of a certificate from the Tahildar of the taluk to the effect that such applicant is *bona fide* on duty at the time or that he is on leave for a period not exceeding three years. Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay for full subscription for the part or parts required.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such money should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

11. (*a*) The rates of annual subscription to the Gazette *for subscribers within the Mysore State* which are payable in advance are as follows:—

Gentlemen,

Local Indent No. 10404.

Your tender for the supply of Lace Turban for the Menial Establishment of the Mysore Government Departments during 1949-50.

No. S.P.C. 13437-38. I write to request you to be so good as to enter order for the materials described in the attached schedule at prices specified therein and arrange to make supplies on indents from such of the Departmental Officers as may require the materials and in such quantities as may be required by them, from time to time, all indents being complied with within a fortnight from the date of receipt.

The contract will be deemed to be limited to the quantities to be actually drawn by the Departments.

This contract will be in force for a period of one year from this date and the materials will have to be supplied throughout the said period at the prices accepted herein and no enhancement of the said prices for whatsoever reasons can be granted.

Please note that the materials to be supplied should strictly conform to the samples submitted by you and accepted by us, failing which they will be rejected. All rejected supplies should be replaced by correct materials within a week from the date of rejection. Failure to make supplies in time and in accordance with the approved quality, will entail cancellation of the contract and purchases being made from other sources debiting the extra cost, if any, incurred by Government to you. In such an event, the Stores Purchase Committee also reserve the right to levy a penalty as and by way of liquidated damages of 3 per cent of the value of the order.

The materials should be carefully and securely packed so as to avoid damages during transit. Such of the materials or parts thereof as might be received in a damaged or unserviceable condition will be required to be replaced free of all cost to us. The materials should be fully insured against losses and damages, if necessary.

The bills of cost should be sent in duplicate to the Indenting Officers who will arrange payment.

You should now arrange to enter into an agreement within two weeks from the date of receipt of this order and deposit a sum of Rs. 100 as security deposit for the satisfactory performance of the contract failing which the order will be cancelled and your security deposit forfeited to Government.

The above Indent Number should be quoted in all correspondence relating to this order.

Please acknowledge receipt of this communication.

OFFICE OF THE CHIEF CEMENT RATIONING AUTHORITY IN MYSORE, BANGALORE.

Notification dated 6th December 1949.

Press Note.

As the supply position of cement in Bangalore City and Civil Station is not encouraging, and as the little stock of cement that is now available in these two places is already covered by authorisations issued from this office, and as there is no likelihood of getting cement from the Madhukarai Factory due to paucity of wagons and other transport difficulties till about the end of this month, the public are hereby informed that all applications for Cement even for small quantities will not be entertained till the 25th of this month. Even those authorisations already issued and whose validity has ceased to exist will not be revalidated till such time as the supply position of cement improves. The public are hereby requested to co-operate with the Department in this behalf, and the inconvenience caused to them is very much regretted.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Dated 22nd November 1949

Press Note.

There has been a comment recently in a section of the Press, that the Government have been allowing lands belonging to the Vanivilas Sagar to be converted into a sandy desert on account of the fact that the capacity of the 880 tanks that lie in the catchment area of the reservoir is being increased. This is a distortion of fact and will result in unnecessarily exciting the raiyats in that area.

The question of improving the water supply to the Vanivilas Sagar and of using the existing water facilities to the best advantage have been under the active consideration of Government for some years now. The problems are not new and have been present from a long time. The question of augmenting the feeder resources to Vanivilas Sagar is beset with complexities and requires a lot of unremunerative expenditure. Fortunately, the raiyats in that area are fully aware of these difficulties. However, the question of control and regulation of water was taken on hand and measures are being pushed through to ensure equitable supply of water. The Executive Engineer, Chitaldrug, is already preparing projects to put up pick-up "Anes" to prevent wastage of water. Another item which is being considered is the draining of marshy and water-logged portions of 'Hallas' and other lands under the Vanivilas Sagar. These measures will, before long, greatly benefit the raiyats of the area.

The whole question is being dealt with as expeditiously as possible and there is no likelihood of the land under the reservoir being allowed to go into waste land.

Press Note.

THE MYSORE MANURE DEALERS' LICENSING ORDER 1947—AMENDMENT.

It has come to the notice of Government that Sannhemp seeds (ಅಪ್ಪ ಸಣಬು ಬೀಜಗಳು) used in the State for raising manurial crops are being exported in large quantities outside the State with the result that it has become necessary to import seeds for being distributed to raiyats. With a view to restricting its export outside the State, it has become quite necessary that the said seeds should be brought within the purview of the Mysore Manure Dealers' Licensing Order, 1947.

The Government of Mysore have, accordingly, amended the Mysore Manure Dealers' Licensing Order and included the Sannhemp seeds as falling within the definition of "MANURE".

The effect of this amendment is that no Sannhemp seeds shall be exported from the Mysore State except under permits granted by the Commissioner for Food Production in Mysore, who is the Manure Controller under the said Order in Mysore.

(P. N. No. 147—22-11-1949—17,301-400).

3779

Dated 24th November 1949.

Press Note.

Government have already indicated in their Press Notes dated 3rd September 1949 and 7th September 1949, the decisions arrived at by the Government of India to control and regulate the prices of sugar and their distribution and the action taken by this Government in this behalf.

2. A few criticisms have appeared in the Press regarding prices and distribution of sugar in the State. Government wish to point out that various difficulties had to be encountered during this transition period, *viz*, from 2nd September 1949, when sugar was recontrolled, up to this date.

3. In accordance with instructions of the Government o India, immediate action was taken in Mysore to freeze al stocks of Sugar with the Sugar Factory and the wholesale dealers in the State on 2nd September 1949. The stocks so freezed were intimated to the Ministry of Agriculture by wire but they had to be released for public consumption with thei approval. As the wholesale dealers had purchased these stocks previously at higher rates and had incurred certain transport and incidental charges, the prices to be paid in respect of these stocks had to be worked out and prio approval of the Government of India taken in this behalf However, in anticipation of sanction of Central Government stocks freezed with the wholesale dealers were released immediately for public consumption, through Ration Depots and Co-operative Societies fixing the retail sale price a Rs. 1-7-3 per viss (excluding Sales-Tax at Bangalore).

4. As regards the stocks of Sugar freezed in the Suga Company, the Ministry of Agriculture, Government of India had fixed the Ex-Factory price at Rs. 28-8-0 per Imperia Maund for D. 24 and Rs. 29-1-6 per Imperial Maund fo D. 27 quality. But the Mysore Sugar Company claimed tha they were entitled to the recent increase in Excise Duty on Sugar and the freight advantage allowed to other Suga Factories in South India. On 19th September 1949, communication was received from the Government of Indi intimating that the Sugar Factories may be allowed th additional Excise Duty at Re. 0-9-0 per Imperial Maund an therefore the retail sale prices worked out previously, had t be revised accordingly. But the second point, *viz.*, the questio of allowing "Freight Advantage" to Mysore Sugar Company was still under consideration and correspondence with th Government of India. Meanwhile as the stocks taken ove from the wholesale dealers had completely exhausted, th stocks freezed in the Mysore Sugar Company, were rushed t the distribution centers and the retail sale price of this stoc was fixed at Rs. 1-3-6 (excluding Sales-Tax at Bangalore) pe viss, in anticipation of the concurrence of the Government c India. The Ministry of Agriculture, however, intimated thei concurrence for this price fixation later on 22nd Septembe 1949.

5. Very recently the Ministry of Agriculture conveye their approval to allow the benefit of "Freight Advantage" to the Mysore Sugar Company, also, and a "Freight Advantage" of Rs. 6 per bag was allowed with effect from 4th November 1949. Consequently the retail sale price had t be enhanced and fixed at Rs. 1-5-0 per viss excluding Sales Tax at Bangalore). Further in order to give effect to thi revision, issue of Sugar to the public had to be temporarily suspended, stock taken and then released for consumption a the above enhanced rate. It view of the recent strike in th Mysore Sugar Factory, Sugar stocks could not be moved t the consuming centres promptly as per despatch instructions.

6. It can thus be seen that variations in Sugar price during this transition period was inevitable and the distribution was much hampered due to various unavoidabl reasons. In-spite of these handicaps sugar was made available throughout the State in as satisfactory a manner a possible.

7. Now that the fixation of prices has been finalised an necessary arrangements made to move stocks of sugar to th distributing centres, Government trust that there will be n difficulty or delay in the distribution of Sugar in the State.

(P. N. No. 148—24-11-1949—17, 401-600).

Press Note.

Dated 24th November 1949.

It has come to the notice of Government that the prices of hillies are soaring very high owing mainly to the export of arge quantities to places outside the State. Many represen-ations have also been received in this behalf. As this is an essential food commodity and the consumers are put to great ardship by the increase in its price, the Government have rohibited the export of chillies from any place in the State o any place outside the State with immediate effect in their Notification No. S. D. 4083—C. 77-49-2, dated the 21st November 1949.

(P. N. No. 149—24-11-1949—17,601-17,700).

Press Note.

Dated 24th November 1949.

Foodgrains Allowance to Holders residing in rationed areas.

It has come to the notice of Government that there has een some misconception in certain parts of the State that he holders of land residing in rationed areas are not allowed o bring paddy or rice grown on their lands for their domestic onsumption, as was being allowed in previous years, but that n the other hand they are compelled to surrender their entire roduce to Government and obliged to take rations allowed nly on their ration cards in rationed areas, where they eside.

While contradicting the above, Government wish to make clear that as in previous years, according to Clause 5 (*d*) ote 1 of the Articles of Food Acquisition (Harvest) Order, 949, now issued, "when a holder dwells in an area where ationing of foodgrains is in force and where the holder imself does not actually cultivate the lands, the quantity of odgrains allowed shall be limited to 12 ozs. per diem for very person, except children below 8 years of age who will eceive half the quantity."

The public are therefore informed that land holders residing n rationed areas are entirely at liberty to bring in foodgrains rown on their lands for their domestic consumption under a ermit to the extent of 12 ozs. per adult per day, as in revious years.

(P. N. No. 150—24-11-1949—17,701-17,900)

Press Note.

Dated 24th November 1949.

In the Press Note dated 6th May 1949, it was announced at holders might be given the option to surrender rice nstead of paddy and that rice may be paid for at certain ates.

It has now come to the notice of Government that the ption given to holders to surrender rice instead of paddy nvolves too many complications and effects procurement dversely. Government have, therefore, ordered that this oncession and prices fixed be withdrawn.

HEALTH OF LIVESTOCK DURING OCTOBER 1949.

Outbreaks of Blackquarter, Hæmorrhagic-septicæmia, Anthrax, Foot and Mouth disease, Contagious goat pleuro-pneumonia, Rabies, and Sheep-pox diseases were encountered in the State, while it remained conspicuously free from Rinderpest during October 1949. Altogether 358 villages were reported to have been affected by one or the other of the above contagious and infectious diseases, as against 396 villages during the previous month. The number of outbreaks was highest in Bangalore, Kolar and Mysore Districts, while Chikmagalur, Hassan and Mandya Districts were least affected. These diseases accounted for 1,603 attacks of which 968 animals succumbed, as against 1,124 attacks and 897 deaths during the previous month.

The departmental staff undertook 35,280 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease, as against 35,678 inoculations and vaccinations during the previous month. Prophylactic measures were adopted against Foot and Mouth disease.

Disease conditions caused by internal parasites were reported from 176 villages resulting in 17 deaths as against 158 villages accounting for 18 deaths during the previous month. The special staff, attached to the parasitic disease control units and the Sheep Breeders' Associations of the Department dosed 13,161 animals as against 11,473 animals during the previous month.

Fodder and water were generally available throughout the State.

Press Note.

The following Press Note dated 25th November 1949, issued by the Ministry of Home affairs, Government of India, is republished for general information :—

"The Constituent Assembly has decided that Articles 5 to 9 relating to Citizenship (which form Part II of the Constitution of India) will come into operation on the date, the Constitution is authenticated by the President of the Constituent Assembly, which is expected to be on the 26th day of November 1949. Clause (b) (ii) of article 6 read with Article 7 enables certain classes of displaced persons to register themselves as Citizens of India before the date of commencement of the Constitution as a whole, that is, the 26th January 1950."

"2. The conditions to be satisfied by an applicant for registration under these two articles are as follows and are published for general information :—

"(i) He should have migrated to India from Pakistan on or after the 19th July 1948, (the date on which the influx from West Pakistan (Control) Ordinance, 1948, was promulgated and came into force), not having previously

migrated after the 1st March 1947, from India to Pakistan or having migrated from India to Pakistan at any time after the 1st March 1947, has returned to India at any time after the 15th August 1947, under a permit for resettlement or permanent return.

"(ii) He, or either of his parents or any of his grand parents, was born in undivided India (excluding the French and Portuguese settlements in India, but *including* all former Indian States and Tribal areas in the North-West as well as North-East Frontiers).

"(iii) He should have resided in the territory of India for at least six months immediately preceding the date of his application.

"(iv) He should not have *Voluntarily* acquired the Citizenship of any Foreign State.

"3. The Registering Officers will normally be officers in-charge of the Revenue Administration of Districts or Presidency Towns, *i.e.*, Collectors or Deputy Commissioners. In those cases where other officers are also appointed as Registering Officers, full information will be available with the Collectors or Deputy Commissioners. Copies of application forms which will, as far as possible be printed in the regional languages can be had free of cost from the said officers after the Constitution has been authenticated by the President. Since the whole process of registration has to be completed before the commencement of the Constitution, *i.e.*, the 26th January 1950, intending applicants should get into touch with the Registration Officers concerned as soon as the Constitution is authenticated. Those persons who are declared eligible for Indian Citizenship will be given a 'Certificate of Registration' free of cost by the Registering Officer."

Press Note.

The Ministry of Education, Government of India, has circularised for general information that the United Nations Educational, Scientific and Cultural Organisation has replaced its Reconstruction News-letter by a new publication called the "Impetus." The new magazine will be a platform for presenting opinion and exchanging views on reconstruction and development. With the adoption of the plan by UNESCO to raise the living standards in the under-privileged areas of the world, this magazine will be of special use for India.

The magazine will be distributed free to organisations and individuals throughout the world who by their interest and activities seek to further the reconstruction and development of schools, libraries, laboratories, museums and art gallaries, etc.

The "Impetus" is putting up, for discussion each month, an open question in the field of reconstruction and development. For the best letter discussing the question, the "Impetus" will send the writer an International UNESCO book coupon for ten dollars, good in any book store in the world. Letters should not exceed 200 words in length. The open question for October is "Should the United Nations undertake the Economic Development Scheme while need for reconstruction still exists in war-devastated countries."

The "Impetus" will also award in International book coupon for five dollars for open question, which must be stated in 25 words or less and must have a direct bearing on some aspect of educational, scientific or cultural development and reconstruction.

The entries for competition may be sent direct to the Editor, "Impetus," UNESCO House, 19 Avenue, Kleber, Paris.

Press Note.

WORK OF THE EMPLOYMENT EXCHANGE DURING OCTOBER 1949.

The Employment Exchange No. 3, Lady Curzon Road Civil Station, Bangalore, was as usual engaged in registering the unemployed and securing suitable jobs for them.

It placed 109 persons in employment, of which 11 ex-servicemen, 1 woman, 95 others and two of A. B. standard, bringing the total number of persons since the commencement of the organization to 2,105.

The total number of vacancies reported from employers during the month was 170, of which 160 from Government and 10 from private bodies.

Two hundred and four ex-servicemen and 434 from others were submitted for employment. Registration of 195 ex-servicemen and 602 others lapsed during the month.

Up to the end of October 1949, 22,439 persons were registered, and by the end of the month 661 ex-servicemen and 4,341 others only were on the Live Register.

It is hoped that the employers and employment seekers will take full advantage of this institution and render unstinted co-operation.

(P. No. 163—6-12-1949—19,901—20,000).

Dated 8th December 1949.

Press Note.

The attention of Government has been drawn to an article published in a local Kannada newspaper of 28th November 1949, stating that Government have abolished the Chemical Engineering Course in the College of Engineering, Bangalore, in a hasty and unexpected manner and that in this the Government have been actuated by improper motives.

As it is thought desirable that any misconception in this behalf should be removed from the public mind, the following facts of the case are published for general information :

The Chemical Engineering Course was started in the year 1945-46 at the College of Engineering, Bangalore, and was placed in charge of a Professor who was then appointed on probation for two years. As the course progressed it was noticed that neither proper teaching and training could be provided for with the staff nor adequate equipment secured on account of the war and its after effects. Therefore, the University Council at its meeting held on 17th June 1948, resolved that the Department of Chemical Engineering had not worked satisfactorily and could not be expected to work efficiently if the Professor who having no qualifications in the subject of Chemical Engineering, no aptitude for teaching, and no capacity to organise and manage the department, was continued and that the period of probation of the Professor be terminated immediately and the post filled up after readvertisement. Enquiries have shown that it is difficult at the present moment to get a person of professorial rank with necessary qualifications and practical experience in Chemical Engineering.

In the meanwhile, want of proper accommodation and equipment was more keenly felt in respect of students of higher classes of the Chemical Engineering Course. Therefore, arrangements had to be made in the Indian Institute of Science for the teaching and training of the final year students in the year 1948-49. This arrangement which involved an expenditure of Rs. 8,500 payable to the Indian Institute of Science was sanctioned by Government. During the current year also the authorities of the Indian Institute of Science have been persuaded with great difficulty to afford training and teaching facilities to the final year students at a cost of Rs. 11,200 and the same has been approved by Government. In so doing, the authorities of the Indian Institute of Science have stated that these facilities are continued on the distinct understanding that extension beyond 1949-50 would not be sought.

In view of the above handicaps and difficulties to which the Chemical Engineering Course was subject, the University Council reviewed the position at its meeting held on 11th and 12th June 1949 and resolved : (i) that admissions to the I and III Year Classes in Chemical Engineering be stopped this year ; and (ii) that a Committee be appointed to examine afresh the requirements of the Chemical Engineering Section of the College of Engineering with regard to equipment, accommodation and staff. The report of this Committee and of the recommendations of the University Council are being awaited.

It is evident from the foregoing that the Government have not abolished the Chemical Engineering Course. They have only taken note of the views and decisions of the University Council which is the Governing body of the University fully competent to judge and decide matters of academic nature and the part of Government has been to help the University to carry on its functions more satisfactorily. As no course would be of much value unless proper teaching and training are provided for, Government hope that it will be possible to take a final decision in the matter after the University submits its report.

Rules regulating the display of the National Flag of India.

The following rules framed by the Government of India, for the display of the National Flag of India, are published for general information and guidance :—

1. Display of the Flag on Buildings :

(*a*) Normally the Flag should be flown only on important Government buildings such as High Courts, Secretariats, Commissioners' Offices, Collectorates, Jails and Offices of the District Boards and Municipalities. It should also be flown on the residences of the Ministers (both Central and Provincial), President of the Constituent Assembly of India, Ministers of State of the Central Government, Chief Commissioners, Speakers of Assemblies (both at the Centre and in the Provinces), Presidents of Upper Chambers (where these exist), Commissioners of Divisions, Deputy Commissioners and Collectors of Districts and Ministers as well as Presidents or Speakers of Legislative Chambers of States and Unions of States.

(*b*) (i) The Governor-General and Governors have special Flags of their own and they will continue to fly those Flags on their residences.

(ii) If the Governor-General or the Prime Minister while visiting a Province stays with the Governor in the Government House, the Governor-General's Flag or the National Flag of India (till such time as the Prime Minister has his own Flag) as the case may be, should also be flown on the top of the main building or on the top of the wing where the Governor-General or Prime Minister happens to reside, or in a conspicuous part of the forecourt or the main approach.

(iii) If the Governor stays in a Circuit House within his Province and the Governor-General or the Prime Minister also stays in the same house as his guest, the same practice as at (*b*) (ii) should be followed.

(iv) If the Governor-General or the Prime Minister proceeds to a Provincial Town where the Governor is not present, the Governor-General's Flag or the National Flag of India, as the case may be, should be conspicuously displayed on a flagstaff or an improvised pole on the top of the house.

(v) If the Governor-General or the Prime Minister visits a State or a States Union the same procedure as indicated at (*b*) (ii) to (*b*) (iv) should be followed.

(*c*) Heads of Indian Missions in foreign countries and States should fly the Flag on their residences and also on their offices where the latter are separate from the former.

(*d*) In frontier areas, the Flag may be flown at special places.

(*e*) Ruling Princes and Rajpramukhs may also use the Flag on their residences, together with their own state Flags, if they so choose.

(*f*) The use of the Flag by the Army, Navy and the Air Forces will be governed by the special rules made for the purpose.

(*g*) On special occasions like the Independence Day Celebrations, National Week, January 26th and Mahatma Gandhi's Birthday, as well as on any other particular day of National Rejoicing, the use of the Flag will be unrestricted.

II. Display of the Flag on Cars.

The privilege for use of the Flag on motor cars will be limited to—

(*a*) Ministers and Speakers, both Central and Provincial Ministers of State and Deputy Ministers of the Central Government, President of the Constituent Assembly of India, Presidents of Upper Chambers, where these exist, Chief Commissioners, Ministers, as well as Presidents or Speakers of Legislative Chambers of States and Unions of States.

(*b*) India's representatives in foreign countries and States.

(*c*) Ruling Princes and Rajpramukhs who may also use their own State Flags, if they so choose.

(*d*) The Governor-General and the Governors have their own special Flags. They will continue to use them. The Provincial Governors, when outside their Provinces, should fly the National Flag of India.

III. The Flag should not be flown by persons other than those mentioned above except on particular occasions, mentioned in I (*g*) of the rules.

Press Note.

Dated 8th December 1949.

The following Press Note dated 28th October 1949 of the Government of India, Ministry of Rehabilitation, New Delhi, is published for general information :—

"1. Some misapprehension appears to have arisen in certain quarters about shares and securities owned by evacuees from India. Under the law, as it stands in India as well as Pakistan, shares and securities belonging to evacuees are evacuee property and cannot be sold or transferred by the evacuee without the prior consent of the Custodian. The Government of India have, however, decided not to place any restrictions on the transfer of shares of public limited liability companies and securities which are in possession of evacuees. When such shares and securities ase deposited with any Bank or Safe Deposit Company they are to be treated as evacuee property and cannot be returned to the owner without proper authority from the Custodian.

"2. Where a concern has been taken over as evacuee property be the Custodian because the majority of the shareholders have gone to Pakistan (*e.g.* The Batala Engineering Works), such concerns can even under the Karachi agreement, be retained by Government for five years for the rehabilitation of displaced persons. In such cases, therefore, it is in the interest of the intending purchasers to consult the Custodian before buying such shares. Purchases made without the Custodian's prior consent may not be confirmed by the Custodian, and the buyer may lose his purchase money. The Custodians of Evacuee Property have been asked to notify such concerns in the official Gazette of the Province concerned for general information".

Press Note.

Dated 8th December 1949.

Government have, after careful consideration and with the previous approval of the Government of India as a special case, have increased the procurement prices of paddy by rupee one per palla.

The revised prices are :—

	Rs. Per palla.
Paddy I Sort	21
Paddy II Sort	19

These prices will be effective for the current harvest reason.

In regard to the zoning of rice mills, it has been brought to the notice of Government that the practice of attaching particular villages to particular rice mills has resulted in several anomalies and has caused inconvenience to surplus holders in delivering grains. The stringency of zoning has already been relaxed to some extent by permitting the delivery of paddy by surplus holders at any mill at any particular place where there was more than one mill. Even this relaxation, it is reported, has not obviated all the inconveniences. It has to be remembered that in view of the particularly difficult time ahead, it is essential that no step can be taken which will militate against the effectiveness of procurement. But since Government are satisfied that there is some real difficulty in regard to the delivery of grain at allotted rice mills, they have now ordered that surplus holders should have the full option to deliver the paddy at any mill of their choice situated within a radius of five miles from the place where either the paddy is grown or where the holder resides, provided the holder declares in advance to which mill he proposes to deliver paddy and gets the information entered in the H. S. forms, so that there may be a proper maintenance of accounts. In case where no mill is situated within a radius of five miles as mentioned above, the paddy has to be delivered at the nearest mill or mills to be specified by the authorities. It is hoped that this modification in procedure will afford adequate relief to the holders while at the same time safeguard procurement.

It has also come to the notice of Government that quite a large number of surplus holders intend keeping back their stocks of grain in the hope that there will be a further increase in price or in the hope that there is a possibility of cash bonuses being given. Government wish to state definitely that no bonus will be paid nor will there be any increase over the prices now announced, *viz.*, paddy I sort Rs. 21 per palla; paddy II sort Rs. 19 per palla. The surplus holders are hereby requested to surrender their grains immediately to the authorities.

As the supply position of Cement in Bangalore City and Civil Sation is not encouraging, and as the little stock of cement that is now available in these two places is already covered by authorisations issued from this office, and as there is no likelihood of getting cement from the Madhukarai Factory due to paucity of wagons and other transport difficulties till about the end of this month, the public are hereby informed that all applications for Cement even for small quantities will not be entertained till the 25th of this month. Even those authorisations already issued and whose validity ceased to has exist will not be revalidated till such time as the supply position of cement improves. The public are hereby requested to co-operate with the Department in this behalf, and the inconvenience caused to them is very much regretted.

Press Note.

Dated 9th December 1949.

A few press reports have appeared regarding the death of a woman in police custody in Hosadurga Taluk. Various allegations regarding the cause of her death have also been made. The matter was first brought to the notice of Government on the 30th November 1949 and they have immediately directed a thorough and impartial enquiry into the question. The Deputy Commissioner had also camped at Hosadurga in the first week of this month and has made enquires in this matter. The Sub-Division Officer and *Ex-officio* First Class Magistrate, Davangere, is now camping at Hosadurga and holding a detailed enquiry as contemplated under Section 176 of the Code of Criminal Procedure. It will thus be seen that all steps are being taken to ascertain the exact cause of her death, and the Government are determined to take suitable action against the culprits, if any offence were to be proved.

When such an enquiry is being conducted, it would not be desirable to make allegations in the press, as it would affect the course of the enquiry.

Several enquiries have been received from the public seeking clarification of the dates from which the Timber Movement (Control) Order, issued with Government Notification No. A.F. 5458—Ft. 49-47-5, dated the 2nd June 1948 and the detailed revised Transit Rules, issued with Government Notification Nos. A.F. 2180—Ft. 45-49-2, and A.F. 2181—Ft. 45-49-2, dated the 19th September 1949, would come into operation. These different orders prescribe different courses of action in matters like obtaining of permits for transit of forest produce and for establishing saw pits, mills, or other sawing contrivances, and according to Section 77 of the Mysore Forest Act, the two Notifications dated 19th September 1949 have obtained the force of law from the date of their publication in the *Mysore Gazette*. As however it has not been found possible to complete certain preliminaries before the Revised Transit Rules are brought into operation, it is hereby notified for general information that the Emergency Order, *viz.*, the Timber Movement (Control) Order of 1948 will be in operation till the end of January 1950 and that the Revised Transit Rules will be brought into effect from 1st February 1950.

The second day's Sessions of the State Excise Officers Conference was held at Thippagondanahalli Inspection Lodge at 3 P.M., on the 8th December 1949, under the Chairmanship of Hon'ble the Minister for Excise and Public Health. All the Excise Officers the Revenue Secretary to Government, the Deputy Commissioners of Bangalore Urban and Rural Districts, the Assistant Secretary (Special Revenue) and Excise Inspectors were present.

The Proceedings began with the Excise Commissioner's welcome address. In his address he thanked the Minister for having consented to preside over the Conference. In his remarks, he expressed the need for a Conference of this kind where all the Officers of the Excise Department, both Gazetted and Non-gazetted, gather and have an opportunity to meet the Minister and take part in the discussion of various subjects that are engaging the attention in the light of their experience.

The Minister in his opening remarks expressed that he was greatly pleased to be able to be present on the occasion and to preside over the deliberations of the Conference. He said he wanted to meet all categories of the Excise Officers to enable him to have a free and frank discussion on all the problems that were engaging the attention of Government and also any other matters which, in the opinion of the Excise Officers, deserve to be brought to the notice of Government. He welcomed all the Officers as also the Inspectors and invited them for full and free discussion on the various subjects before the Conference and to place their views on the question of success or otherwise on the Prohibition Scheme and also whether any further measures could be adopted in the light of discussions to make the Scheme more of a success. He also invited remarks on the question as to whether Prohibition work is to be entrusted to the Police or allow the Department itself to work it, and any other subjects upon which the Officers felt they could make useful contributions.

A full and free discussion on the various subjects followed. Altogether, eight Resolutions were adopted, the main recommendations being, that it was very necessary that the Departmental scales of pay should be re-organised first on the lines on which the scales of pay in the Revenue and Police Departments have been done with a view to enable the Department to recruit efficient men. Pessimism which has resulted due to the long stagnation should be removed as has been done in every other Department. All the Officers spoke freely on the subjects. Regarding Prohibition work they were of the opinion that a Committee consisting of people with social record of service be constituted to enquire into the conditions that have followed in the wake of the introduction of Prohibition and on the question of enforcement of Prohibition Act. The Conference felt that provided certain facilities were given to the Department, they could themselves certainly take up, at comparatively less cost, the work of enforcement of Prohibition and also the work of rehabilitation of addicts, side by side. The suggestion was that with a Constabulary of men along with a van and a trained Officer working directly under the District Excise Officer along with the existing staff, the Prohibition work could be satisfactorily handled.

It was also decided that while making over the Special Excises to the Central Government, care should be taken to see that all Officers were provided with posts, the scales of pay being fixed with regard to the pay drawn by the Central Officers and not being limited to the existing scales of pay which had been fixed decades ago. There was a frank discussion of the subject and it was finally resolved that the term "not less advantageous" should be clarified to mean that the posts to which the Excise Officers of the State were appointed in the Central Excise Corresponded to similar posts with the same scales of pay.

Increased staff for the Excise Intelligent Bureau in Mysore meeting of Excise Officers with those on the borders, suitable Rewards for detection of cases under Special Excises, and appointment of Typists in each of the District Excise Offices formed the subject of the other resolutions adopted at the Conference.

In pursuance of the Notification dated 7th September 194 issued by the Director of Animal Husbandry Department, th rates of fishing license fees in the three areas of Fisher Divisions, Krishnarajasagar Division (Srirangapatna, T.-Narsipur and Krishnaraja Nagar Taluks), Shimoga Divisio (Shimoga, Channagiri and Honnali Taluks) and Kola Division (Malur, Mulbagal, Kolar and Bowringpet Taluks were revised and enhanced with effect from 1st August 194 as detailed below:—

No.	Fishing appliances	Rates of license fee existed prior to revision Rs. a. p.	Revised rates of license fee with effect from 1st August 1949. Rs. a. p.
1	For the use of not more than two country rods and line.	3 0 0 Per annum	5 0 0 Per annum
2	For the use of one net or one long line or one kooli.	5 0 0 ,,	10 0 0 ,,
3	For the use of more than one net or any other appliances.	10 0 0 ,,	20 0 0 ,,
4	For Angling with rod, and line (with reels, flies, spoons for live bait).	5 0 0 Per month	5 0 0 Per month

A large number of fishermen have since represented to Government that the revised rates work as a hardship on them and have prayed for a reduction of the license fees. Government have considered the representation and are of the opinion that the prayer of the fishermen is reasonable, in view of their general condition of poverty, and have ordered that the revised rates be cancelled and the old rates existing prior to 1st August 1949 be restored.

Import of Foreign Silk into India.

Representations are being received from a section of the public that these imports are not in the interests of the Sericultural Industry of the State. Counter representations have also been received that without import of foreign silk, the Silk Weaving Industry would die, and that the consumer would be put to great difficulty.

After a close examination of facts of the various interests of the Industry, Government consider it necessary in the very large interests of the Sericultural Industry of the State and as also the Silk Weaving Industry and consumer, to import sufficient quantities of foreign silk at economic prices. It may may be added for the information of the public that the quantity of silk required by India annually has been estimated by the Tariff Board at about 8 millon pounds including fabrics, whereas Indian production is only 2·2 million pounds. Therefore, the deficit has to be made up by foreign imports only, before India is able to be self-sufficient in silk production. In view of these considerations it is very essential that foreign silk is imported in sufficient quantities at reasonable prices. The imports are limited in scope for want of Dollars for imports from Japan, and inadequate sterling for imports from Italy.

Press Note.

Dated 12th December 1949.

Certain alarming reports have appeared in the Press, saying that the Police had to open-fire in Mandya on 11th December 1949 to disperse the workers of the Mandya Sugar Factory who have been on strike. In order to remove misconceptions in the matter, Government wish definitely and categorically to state that there was no Police firing at all. The facts of the case are as follows :—

Contrary to the provision of an order under Section 39 of the Mysore Police Act, on the morning of the 11th December, three groups of workers intent on converging on the Labour Association of the Sugar Factory began to move from three different directions in procession, *viz.*, one from the Guthalu Colony, the second from the L. and M type quarters, and the third from the Mysugar High School side. These were headed by women and other non-workers. Immediately local and the Provincial Armed Reserve Police were posted at important points to prevent these groups from advancing further and creating trouble. When stopped by the Police and advised to disperse they refused to do so. By 9-30 A.M. the crowds got unruly and began to pelt stones on the police. The District Superintendent of Police and the *Ex-Officio* First Class Magistrate were present and advised the crowds at various times to disperse peacefully. There was no sign of dispersing and the crowds began to move towards the Labour Association first and then all the three joined and rushed towards the time office gate with a view to enter the factory. The whole mob became more unruly and resorted to violence again by breaking the branches from trees nearby and pelting stones at the staff on duty. In spite of warnings through a megaphone by the *Ex-officio* First Class Magistrate to disperse, the mob rushed and the Magistrate ordered the use of tear gas; as this had no effect, he had to order the use of tear gas again and a mild lathi charge. Thereupon the mob turned round and proceeded towards the Labour Association. The Magistrate had to order another mild lathi charge and the use of tear gas. In all, tear gas had to be used on three occasions and a mild lathi charge twice. The mob was finally pushed back and dispersed and police were posted all round. A cordon was put around the Guthalu Colony and the whole situation was brought under control by about 12 NOON. Reinforcements of Provincial Armed Reserve Police ha sent and the situation is perfectly under control since The factory is continuing to work as usual.

STONEWARE PIPES SPECIFICATIONS.

1. Stoneware pipes shall be of the best quality stoneware, salt glazed thoroughly burnt throughout the whole thickness of a close and even texture, free from air blows, fire blisters, cracks and other imperfections and the surfaces external and internal, shall be smooth and perfectly glazed.
2. A piece of stone-ware pipe about 2" square from any part of the pipe, shall not absorb, after 48 hours immersion in water, more than 4 per cent of its own dry weight of water.
3. The stoneware pipe shall be capable of resisting a bursting pressure of 30/50 lbs. without showing signs of leakage
4. The breaking weight of the stoneware pipe shall not be less than 1,700 lbs. applied by means of a lever or otherwise to the centre of a flat board of hard wood, of the same length as the pipe, laid along the top of the pipe throughout its length, exclusive of the socket. The pipe when subjected to this test should be supported on a similar flat board underneath, the socket overhanging and a layer of felt laid between the pipe and the boards.
5. The thickness of stoneware pipes shall not be less than 1/12th of the internal dia. and shall be uniform throughout the body of the pipe. The socket shall be made in one piece with the pipe. The cross sections of the pipe at straight angles to the axis shall be a circle and the ends square to the axis. The pipes used for straight drains shall be straight longitudinally and those used for curved drains shall ba segments of a circle in plan, and when laid and jointed in position shall form a drain free from any obstruction.
6. The depth of the socket should not be less than 1½" for all pipes under 9" diameter 2" for 9" and 12" pipes and 2½" for all sizes over 12". The internal diameter of the socket should be large enough to allow a joint of ¼" all round the outside of the entering pipe, to facilitate proper caulking.
7. To test the freedom of the pipe material from lime, pulverise a small piece of the pipe, weigh and boil in H. Cl. subsequently wash on a filter and dry, noting any loss in weight. If there is no loss in weight, then the material is free from lime.
8. Stock sizes should only be used, with 4" minimum and 24" maximum diameters.
9. All pipes should be 2' long when laid in place.
